

New Off The Beach website launched!

2011-02-16 16:02:26 Shipbreaking

16 February 2011 - Log on to our new website <http://www.offthebeach.org/> and sign our petition to help us get shipbreaking off the beach! You can also download our Off the Beach! report, follow the activities of the NGO Shipbreaking Platform on social media and learn about the four fatal flaws that make beaching a dangerous and dirty practice. New features of the campaign will soon be added, including an advocacy video and other educational material in the making.
