

NGO
SHIPBREAKING
PLATFORM

EU LIST 2014

List of European (EFTA) ships broken
on the South Asian beaches in 2014
(182 ships)

INTRO

For several years now, the NGO Shipbreaking Platform, a global coalition of non-governmental organisations demanding safer and cleaner ship recycling worldwide, has been compiling lists of end-of-life ships sent for breaking every year. Below is a complete list of end-of-life ships sent for breaking on the beaches of South Asia in 2014 by shipping companies based in the European Union and EFTA countries, thus including Norway, Switzerland and Iceland.

Of the 1026 large ocean-going vessels that were scrapped in 2014, 641 were sold to substandard beaching facilities in India, Pakistan and Bangladesh. The total number of EU-owned and/or EU-flagged scrap vessels dismantled worldwide has decreased from 372 in 2013 to 285 in 2014. Out of the total of ships dismantled worldwide last year (1026 ships), the EU ships thus represented 27,7%.

Of these 285 EU ships (including EFTA), **182 ships ended up beached in South Asia**. This means that **63,8%** of the EU vessels (owned and/or flagged) dismantled last year ended up being beached in South Asia.

More information, including this list in an Excel (.xls) format, can be found on our website www.shipbreakingplatform.org

Country of the beneficial owner	Beneficial owner of the ship	Name of ship	IMO number	Last flag	Flag changed for breaking	Date of change	Destination city	Destination country	Beaching date	Built in (y)
